This agreement allows for the transfer of up to 72 academic credits total from Fox Valley Technical College to UW-Stevens Point. Students will need to complete at least 32 credits of 300/400 level courses and a minimum of 120 total credits to graduate with a Bachelor of Science Degree.

Students who earn the Natural Resources Technician degree will need to complete roughly 60 credits *or more* from UW-Stevens Point in order to receive a bachelor's degree in the College of Natural Resources (total number depends on the option chosen, elective credits chosen, general degree requirements completed and math placement).

All courses listed above are transferable from Fox Valley Technical College to UW-Stevens Point regardless of completion of the Natural Resources Technician degree.

For acceptance of equivalent courses, FVTC courses must have been completed within the last 5 years. Beyond this period of time, course equivalents will be assessed on an individual basis.
